

Candidate for NEA Director:

Scott Ellingson

Hudson Education Association

My name is Scott Ellingson and I am running for NEA Director Seat #1. I am a high school Spanish teacher in Hudson, Wisconsin. My three sons are Isaac (16), Jacob (14), and Benjamin (9). I am currently one of your two NEA Directors and I have been your Alternate NEA Director before. I also serve as Vice President of Region One, President of my local (Hudson Education Association), and as an executive board member of the Greater West Central Wisconsin Area AFL-CIO.

Quality, safe public schools for every child is my number one priority. In our post-PDP world, and, with the likely challenging news coming this summer from the Janus Supreme Court decision, it is vital that we listen to our members so that our union is the go-to place for their professional needs and development. We can learn from the trade unions in this regard. Finally, we must never stop advocating for social and racial justice as we strive to eliminate achievement and opportunity gaps for the socioeconomically disadvantaged.

I ask for your help once again to support me so that together we can keep our union strong. Solidarity!
