

Candidate for WEAC Secretary-Treasurer:

Kim Schroeder

Milwaukee Teachers' Education Association

As a 23 year veteran fourth grade teacher from Milwaukee Public Schools, currently serving as president of MTEA, I have dedicated my life to the students of Wisconsin. Previously, I led all organizing and political campaigns while serving as MTEA Vice President for four years. Over the past six years, MTEA has achieved remarkable success by being member-led and member-centered. Also, by focusing on taking back the profession by growing a teaching and learning center led by members, for members and by being involved in the community, MTEA has grown in power. We used this power to maintain local control over the district.

During my time on the WEAC Board of Directors, I have seen that the problems and challenges in Milwaukee are not unique – we are seeing the same attacks around the state. Urbans and Regions must work together in order to not only stand up to the attacks, but to defeat those who wish to destroy not just WEAC, but public education.

Only together can we win and I humbly ask for your support for WEAC Secretary Treasurer. Standing up for Students, Standing up for Members, Standing up to those who seek to destroy us.
