

Candidate for Alternate NEA Director:

Nicholas J. Sirek

Eau Claire Association of Educators

I am running for reelection to the NEA Alternate Director position because I feel I can use my experiences and connections with members at the local and state level to advocate at the national level. My work as the NEA Alternate Director, coupled with my experience as a summer organizer in Eau Claire, will allow me to continue making connections with members and sharing their stories, passions, insights, and worries. In addition, as a member of the WEAC Board of Directors, I have acquired a deeper knowledge of our organization. My knowledge of our association and my connection to those working in our schools everyday will guide me in the position of NEA Alternate Director.
