- Build a network with a broad group of experienced educator member-leaders through an innovative, tiered approach
- Advance your professional practice in ways that demonstrate excellence
- Challenge systems of oppression

## JOIN OUR TEAM

Funded in part by a grant from:

Great Public Schools for Every Child

## Vision

The Wisconsin Education Association Council is working in collaboration with the National Education Association toward the advancement of racial and social justice in education. WEAC recognizes the significant opportunity gaps that exist in Wisconsin, which have resulted in predictable disparities in achievement.

The Equity Ambassadors program has an immediate goal of **empowering current and incoming educators** to join the journey towards social awareness and becoming anti-racist educators.

WEAC Equity Ambassadors seeks to ensure educators understand the necessity of racial and social justice work in their schools and feel **confident** addressing these needs systemically with their colleagues, community, and administration.

**WEAC is a leader in equity work in education in Wisconsin facilitating policy changes that impact all students.**

## Program Objectives

**Empower** educators with social awareness and anti-racist strategies

**Improve** instruction with strategies, tools, and solutions to close the opportunity gap

**Develop** educator-led equity teams who will promote equity and cultural competence

**Influence** local policy changes that result in systemic improvements for Wisconsin students

**Provide** mentorship and support for educators doing this important work

## The Journey

### LEVEL 1 - GET STARTED

Equity Ambassadors join a cohort team to build capacity for racial and social justice work through:

- exploring self
- identifying collaborators
- creating an equity plan
- understanding historic disparities

### LEVEL 2 - GROW YOUR TEAM

Equity Ambassadors are building equity teams within their school districts who are:

- continuing racial and social justice work
- furthering their journey toward social awareness and anti-racist education
- confronting systemic marginalization

### LEVEL 3 - EQUITY ACTION!

Equity teams will work in collaboration to implement policy changes that will result in:

- creating equitable practices for all students
- building networks of stakeholders within the community
