

WISCONSIN

SPONSORSHIP LEVELS

Your sponsorship makes the Educators Rising-Wisconsin state conference possible and keeps it affordable for every student who wants to explore a career in teaching. Your gift also covers registration, lunch, and competition fees for students whose families are facing financial hardship. We believe every student deserves the chance to explore teaching, no matter their family's income, zip code, or background, and we work to remove cost as a barrier so the next generation of teachers reflects the communities they'll serve.

Each level includes all benefits from the levels before it. Individual contributions of any amount from \$25 to \$499 are welcome.
